bintahm3dd Back when he fought in kobani last yr. He was so upset over the thought that he wouldnt be part of those mujahideen who would liberate it completely since they did most of the work and were suddenly called back.. everyday hed tell me he hated staying in the medina and wanted to go back to the battlefield. Alhamdulillah a couple months later he got called to battle and by the will of Allah we both knew it was the last time we'd see eachother. Do dogma and meet me in jannah, he joked around. A week later i was told he had won his shahada in hasaka by giving ba'yah to death. He fought until he was killed. ♥
